

MPM Consortium — Decision Procedures (v1.0)

1. Scope of Decision Authority

These procedures govern all formal actions of the MPM Consortium, including:

- Adoption, amendment, or deprecation of the **MPM Standard**
- Creation or dissolution of **Working Groups**
- Approval of **Compliance Protocols**, **Safety Envelopes**, and **Attachment Interface Extensions**
- Admission of **Founding Members** and modification of membership tiers
- Ratification of **Pilot Programs** and **Deployment Frameworks**

Routine administrative actions may be executed by the Secretariat under delegated authority.

2. Chambers and Voting Bodies

All decisions requiring formal approval must pass through the relevant chambers:

- **Technical Chamber** — geometry, interfaces, safety, compliance
- **Market & Policy Chamber** — deployment, regulatory alignment, national-scale strategy
- **Digital & Orchestration Chamber** — cloud orchestration, telemetry, digital twins

Each chamber votes independently. A decision is approved only when all required chambers meet their respective thresholds.

3. Voting Classes

Voting rights are assigned by membership tier:

- **Founding Members** — full voting rights; protocol veto authority
- **Implementers (OEMs, EPCs, Operators)** — standard voting rights
- **Observers** — no voting rights

- **Attachment Ecosystem Partners** — voting rights on attachment-related matters
- **Government & Multilateral Partners** — voting rights in the Market & Policy Chamber
- **Community & Workforce Partners** — advisory only

4. Decision Types and Thresholds

4.1 Protocol-Level Decisions (Highest Criticality)

Includes: geometry changes, interface changes, safety envelope modifications, compliance protocol changes.

- **Technical Chamber:** 75% supermajority
- **Digital & Orchestration Chamber:** 67% supermajority
- **Market & Policy Chamber:** 67% supermajority
- **Founding Member Veto:** Any Founding Member may invoke a veto; override requires 80% in all chambers.

4.2 Standards Evolution (v1.x → v1.y)

Includes: clarifications, non-breaking updates, attachment interface expansions.

- **Technical Chamber:** 67%
- **Digital & Orchestration Chamber:** 60%
- **Market & Policy Chamber:** 60%
- **No veto power** unless change is deemed “breaking.”

4.3 Administrative Decisions

Includes: working group formation, Secretariat operations, branding, compliance mark updates.

- **Secretariat:** simple majority
- **Relevant Chamber:** simple majority
- **No veto power**

4.4 Membership Decisions

Includes: admission of Founding Members, tier changes, suspension for non-compliance.

- **All Chambers:** 67%
- **Founding Members:** 75%

5. Quorum Requirements

A chamber is considered quorate when:

- **Technical Chamber:** 60% of voting members present
- **Digital & Orchestration Chamber:** 50%
- **Market & Policy Chamber:** 50%
- **Founding Members:** at least 3 present (or 50%, whichever is greater)

Remote participation counts as present.

6. Proposal Lifecycle

All decisions follow a structured lifecycle:

1. **Submission** — Any voting member may submit a proposal.
2. **Secretariat Review** — Ensures completeness, assigns proposal number, determines chamber routing.
3. **Working Group Analysis** — Technical, policy, or digital WG produces an impact assessment.
4. **Public Comment Period** — 14–45 days depending on criticality.
5. **Chamber Voting** — Sequential or parallel voting depending on decision type.
6. **Ratification** — Secretariat publishes ratified decision and updates the Standards Registry.
7. **Implementation Window** — 30–180 days depending on scope.

7. Veto Procedures

Founding Members may issue a veto only for protocol-level decisions. A veto must include:

- Technical justification
- Safety justification
- Deployment justification

Overrides require:

- 80% supermajority in all chambers

- Unanimous approval of the Secretariat

8. Emergency Decisions

Emergency decisions may be invoked only for:

- Safety hazards
- Deployment failures
- Critical interoperability issues

Emergency decisions require:

- 67% in Technical Chamber
- 67% in Digital & Orchestration Chamber
- Notification to all members within 48 hours
- Mandatory review within 60 days

9. Transparency & Recordkeeping

The Secretariat maintains:

- A public **Decision Ledger**
- A **Standards Change Log**
- A **Compliance Registry**
- Meeting minutes for all chamber votes

All decisions are timestamped, versioned, and archived.

10. Appeals

Any voting member may appeal a decision within 30 days. Appeals are reviewed by:

- A joint panel of all chamber chairs
- One Founding Member representative
- One Secretariat representative

Panel decisions require a 67% majority and are final.
